AI STORYLINE — WHAT'S HAPPENING WITH ABC

ABC is an active, daily-contact client currently mid-way through a new **3-payment maintenance contract** with Falcon Maintenance — **payment 1 of 3 settled**, two upcoming. This month the client attested a **100 KD bill-less bank debit as maintenance**, closed an existing vendor contract with a **final payment**, and redassified a marketing invoice to **Social Media Management** by phone. One item is **unresolved**: a 2,000 KD invoice against only 750 KD paid — the system has asked ABC to clarify. Every claim below links to its source.
